

About Battery life. (Please use rechargeable Battery as possible)
 * Life time would be 8-10 hours with full charged alkaline one)
 * Use Hi-Power or Long Life one. Cheap and unknown makers' ones would be shorter life.
 * Power consumption would be 30% higher at the non-GPS reception. Please switch off at lunch time if possible.
 * 4-2-2-1 hrs would be guideline for 4 battery scales
 * It is recommended to carry spare one for just in case.

Simple & Quick !
Operation Guide

1. Preparation

① Power ON (push longer)

② Auto-Search for Clubs ✘
 (Among Pre-loaded Clubs)

③ Push button if correct

✘ Manual Selection for Clubs by button
 It is useful when a Club has more than 2 x 18 holes.
 ✘ If only one club is preloaded it starts from this display

Please follow "icon button guide" displayed in right bottom in case of trouble
